

# High-Quality, Economical Lab Specimen Bags

Laboratory work involves the collection of various types of specimens, including biohazards, which require a high degree of accountability. At Taylor Healthcare, we offer a variety of Specimen Bags that help our customers improve communication and safety within the lab.

## Product Features:

- Strong zipper closure keeps contents secure and prevents spillage.
- Clear film is leak-proof and allows contents to be visible.
- External pocket keeps patient information secure and separate from bag's contents.
- Printed with Biohazard logo that meets OSHA and other industry specifications.
- White area allows for handwritten notes and instructions.
- Bags can be customized to your exact specifications – logos, sizes and printed messages.

## Lab Benefits:

- Improve lab safety and communication.
- Keep lab organized and reduce risk of lost specimens.
- Add to your current **SMARTworks®** account for simple online ordering and tracking.
