

## Our Commitment to Sustainability

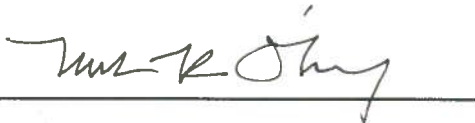

Taylor Communications is committed to operating our business in a sustainable manner and making it easy for our customers and employees to make a difference as it relates to the environment.

### To support this commitment, we will:

- Conduct all aspects of business as a responsible stewards of the environment
- Protect the health and safety of our employees, surrounding communities, ecosystems and environment
- Work with suppliers that share our commitment to responsibility managing natural resources, supporting local communities and producing sustainable products
- Comply with applicable local, state and federal regulations
- Continuously seek to integrate natural resource conservation and pollution prevention into our management structure, operations, culture and community relations
- Place a high corporate priority on these commitments
- Dedicate corporate resources to maintaining, improving, and communicating our environmental objectives to our customers, contractors, and employees and to the community
- Implement a comprehensive recycling program in our manufacturing plants to promote responsible resource management and utilize environmentally-responsible manufacturing processes

### Our on-going environmental impact goals are centered around:

- Procuring certified sustainable forestry products
- Conserving energy, water and other natural resources
- Reducing greenhouse gas emissions
- Minimizing waste generation
- Maximizing recycling and reuse opportunities
- Sourcing sustainable materials and optimizing processes
